Icon & splash 3 screens

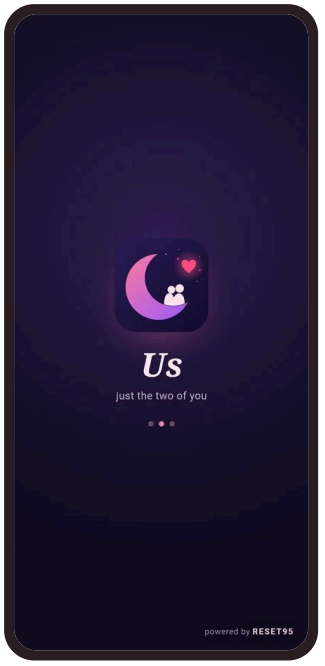

The couple on the crescent, watching the heart. Splash in light and dark, powered by RESET95.

App icon
Adaptive and themed icons on Android

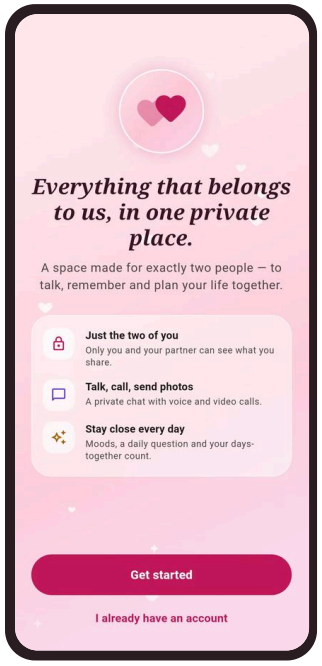

Splash, light
Shown while the app loads

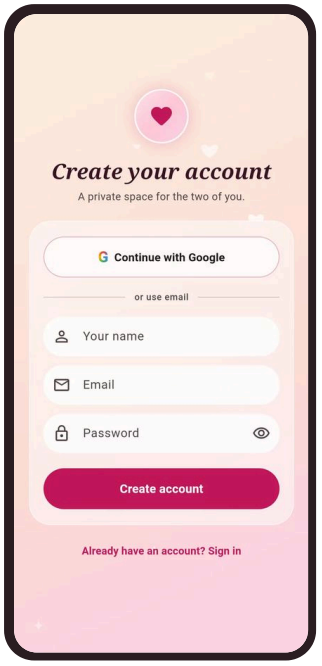

Splash, dark
Follows the phone's theme

Sign-up and pairing 9 screens

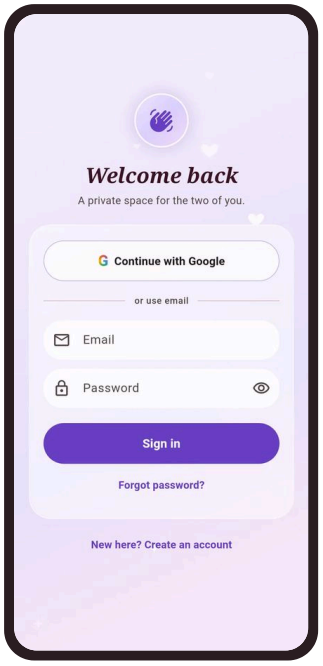

From the first screen to a connected couple.

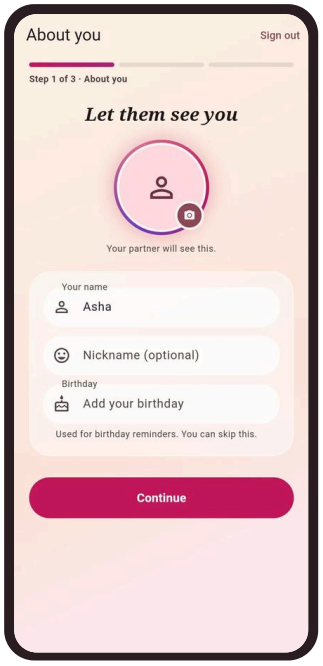

Welcome
The first screen after installing

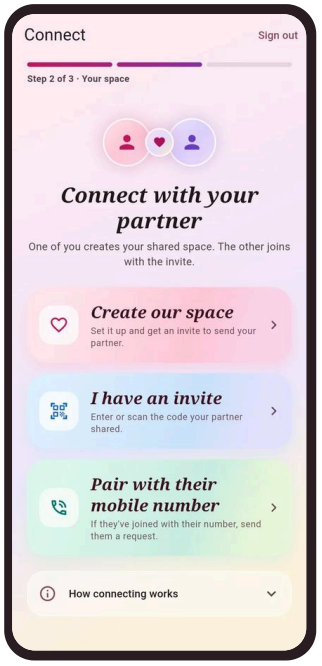

Create account
Google or email

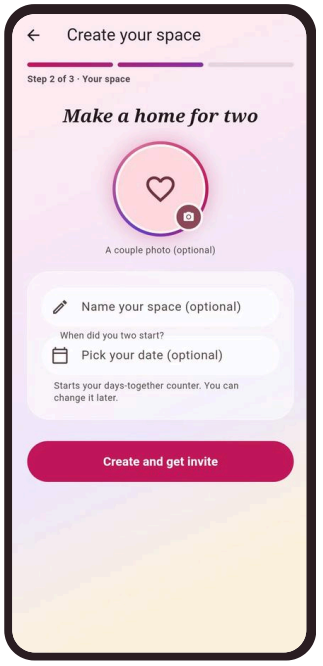

Sign in
Returning users, with password reset

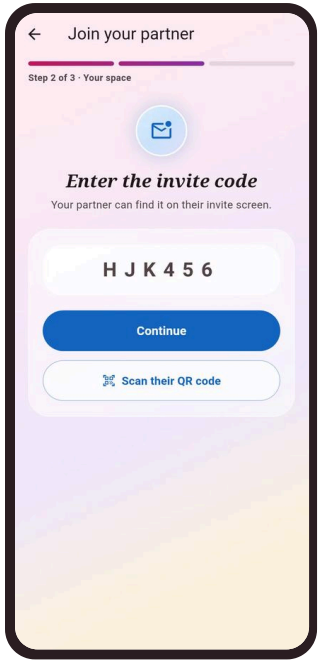

About you
Step 1 of 3: photo, name, nickname, birthday

Connect
Step 2: create a space or join one

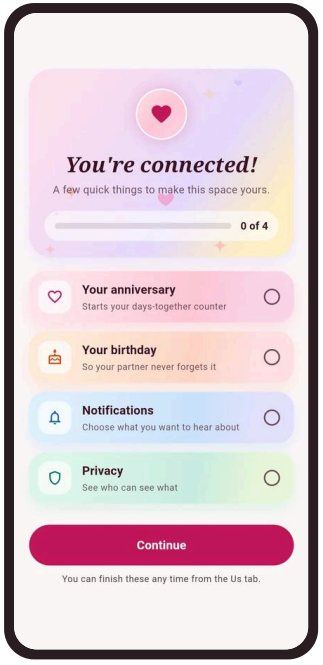

Create your space
Optional couple photo, name and start date

Join your partner
Type the code or scan their QR

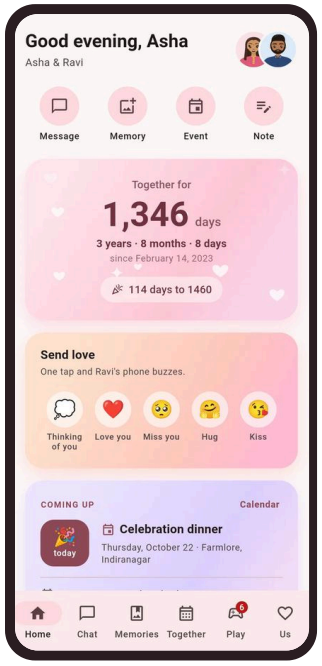

Invite your partner
Step 3: QR code, code and share sheet

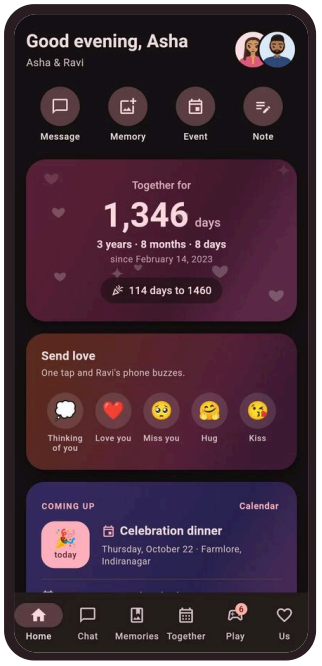

You're connected
Anniversary, birthday, notifications, privacy

Home 3 screens

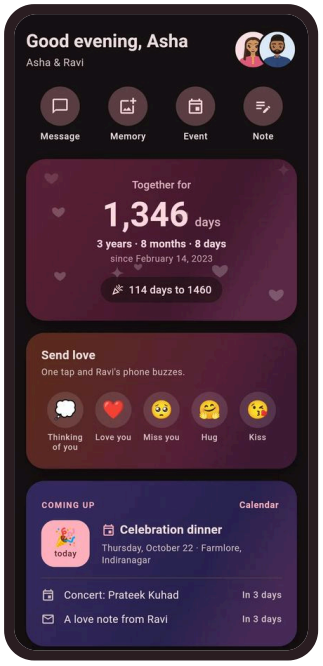

The daily landing screen.

Home
Counter, love taps, coming up, memories, moods, daily question

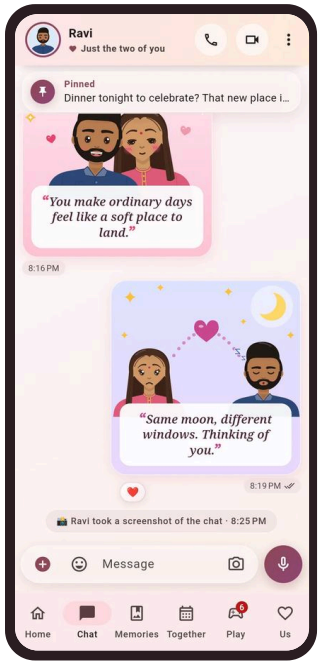

Home in dark mode
Follows the phone's theme

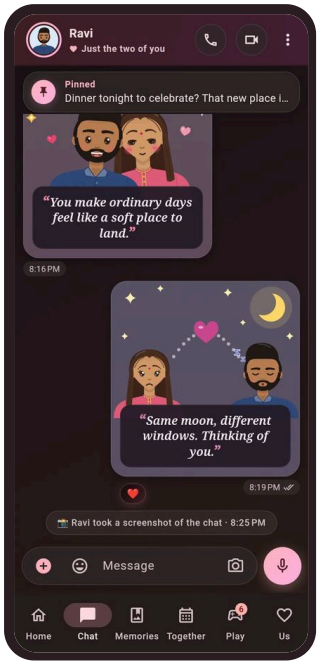

Home, dark (full)
Every card in its own gradient

Chat and calls 11 screens

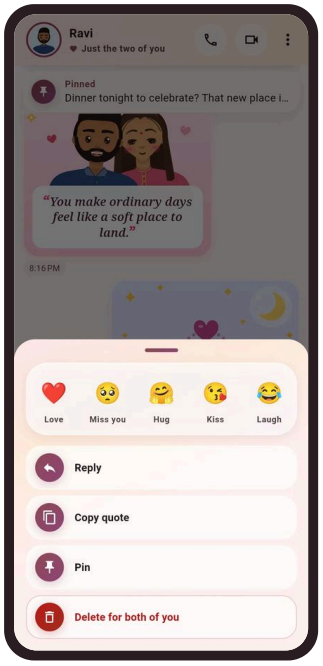

The private conversation, plus voice and video calls.

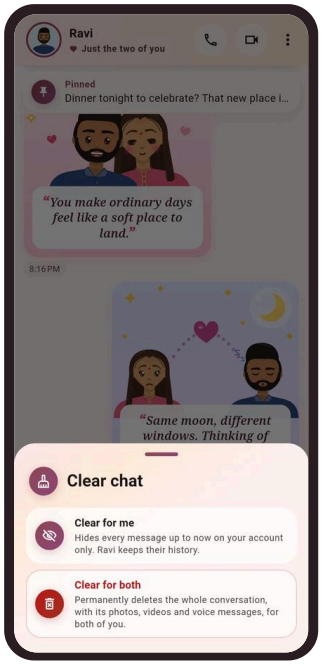

Chat
Pins, reactions, replies, voice notes and call records

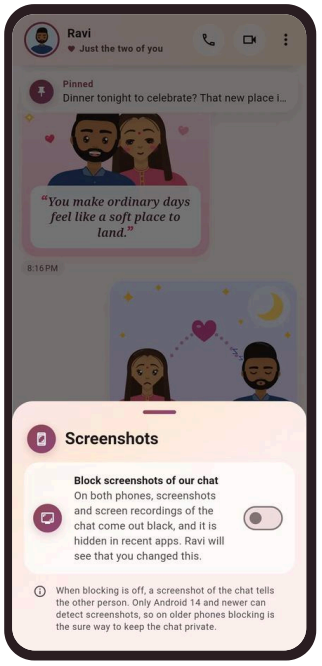

Chat in dark mode

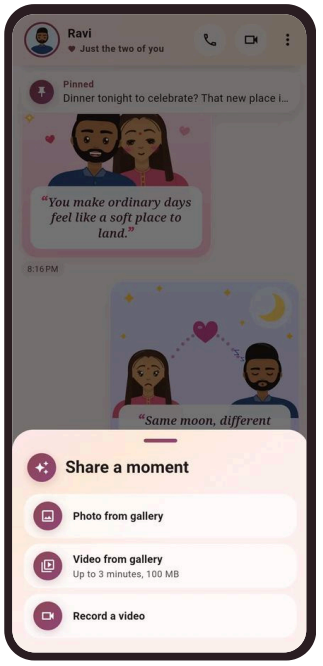

Message actions
Long-press: react, reply, copy, pin, delete

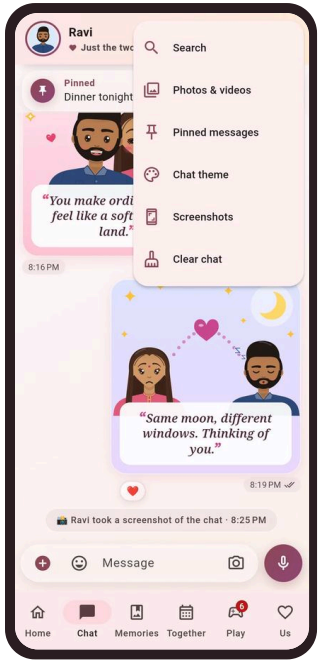

Clear chat
Clear for me, or delete everything for both

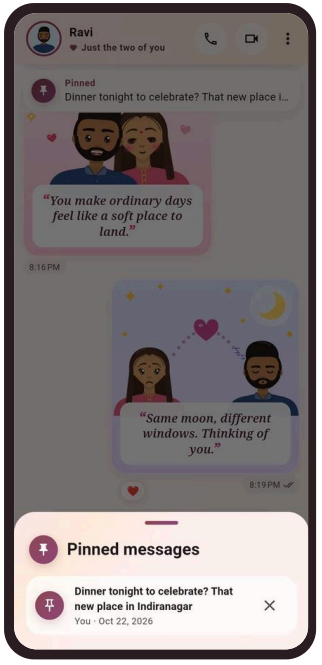

Screenshots
Alerts when either takes a screenshot; block them for both

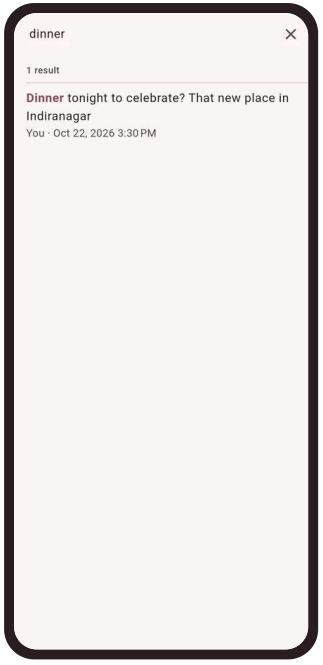

Attach
Photos and videos from the gallery or camera

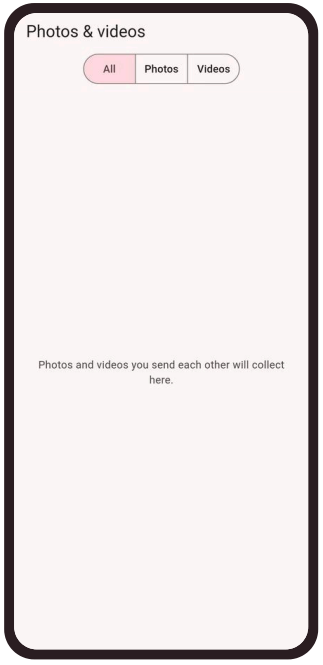

Chat menu
Search, photos & videos, pinned

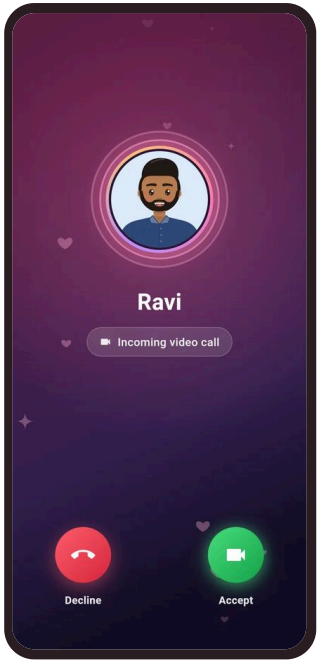

Pinned messages
Jump to or unpin

Search
Matches highlighted, tap to jump

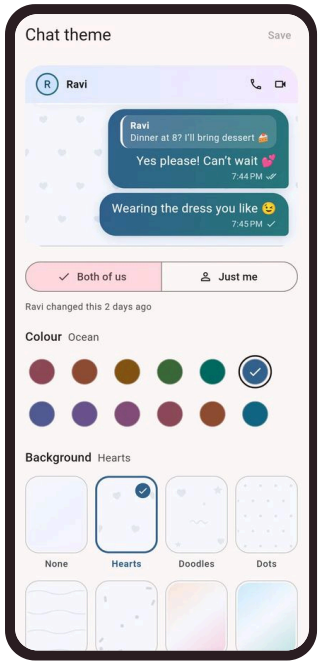

Photos & videos
Everything you've sent each other

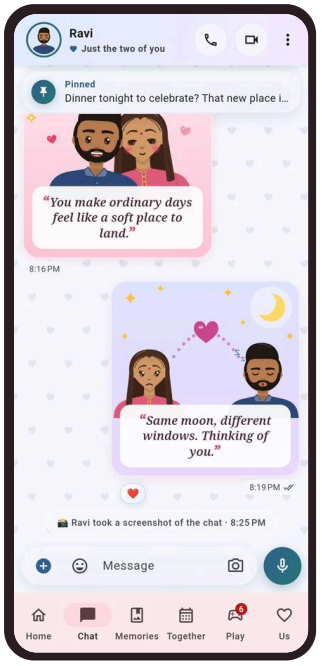

Incoming call
Full-screen ring with accept and decline

Chat theme 4 screens

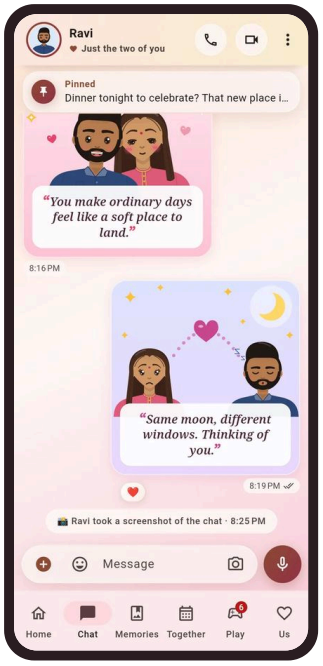

A colour and background for the chat: for both of you, or just for you.

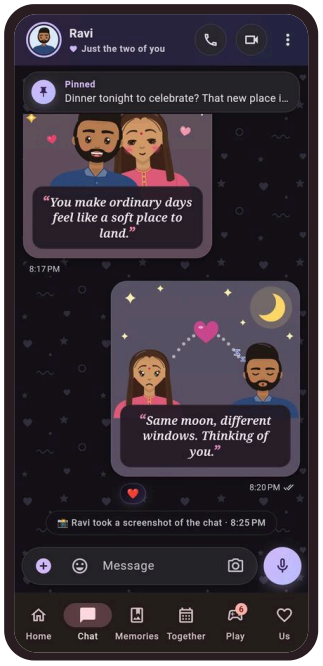

Chat theme
Live preview, both of us or just me, colours and backgrounds

Ocean with hearts

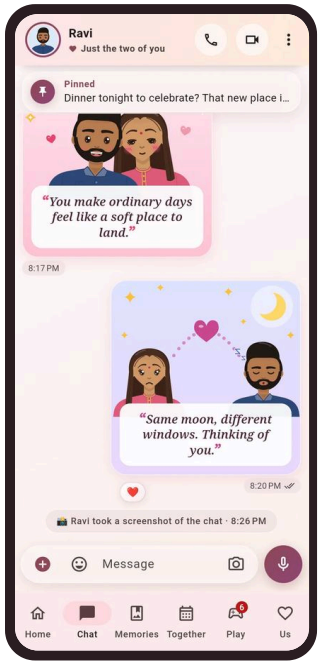

Coral with a sunset gradient

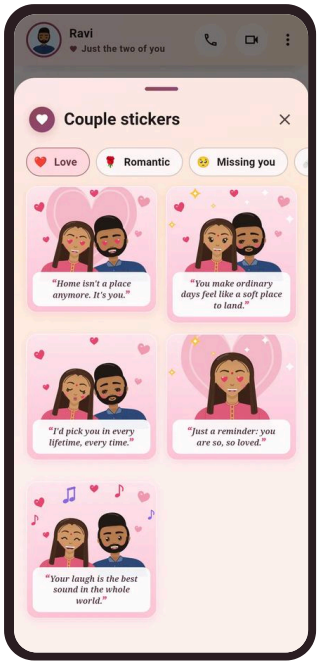

Lavender doodles, dark mode

Avatars & couple stickers 5 screens

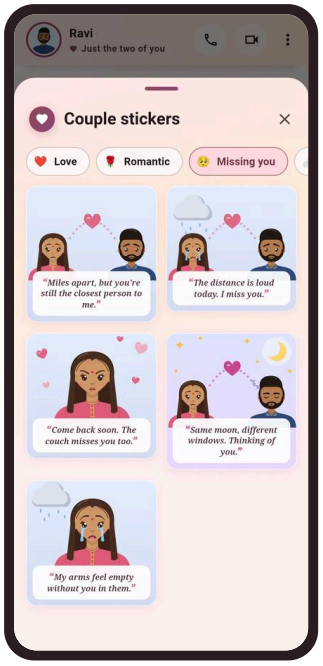

Build a cartoon you, then send stickers of the two of you with a love, romantic, missing-you or sorry quote.

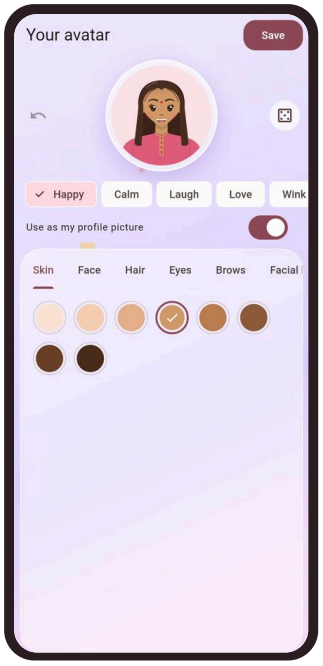

Stickers in chat
Both avatars together, sender on the left, with the quote

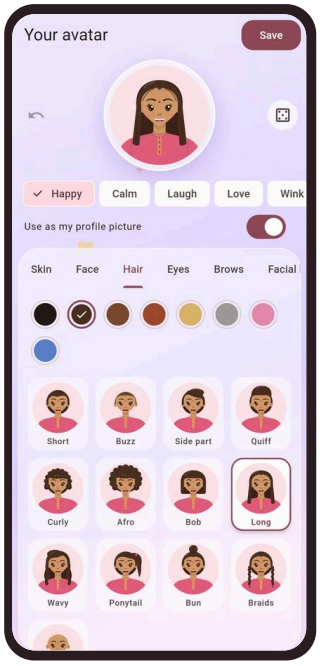

Sticker picker
Categories, ready quotes, or write your own

Missing you
Softer scenes: teary-eyed, good night from afar

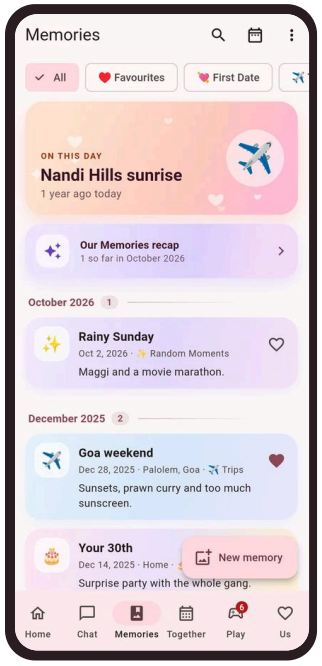

Avatar builder
Skin, face, hair, eyes, brows, outfit; preview each expression

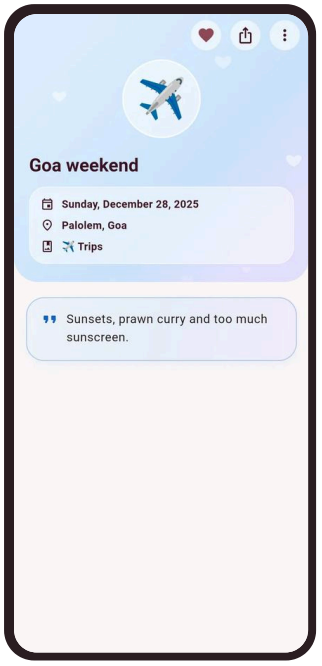

Hair styles
Thirteen styles, plus bindi, turban and headscarf

Memories 4 screens

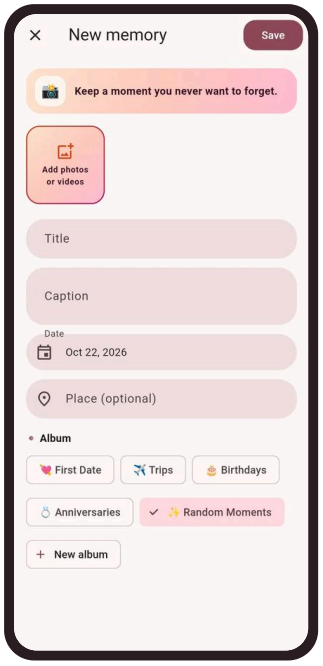

Albums, timeline and recaps.

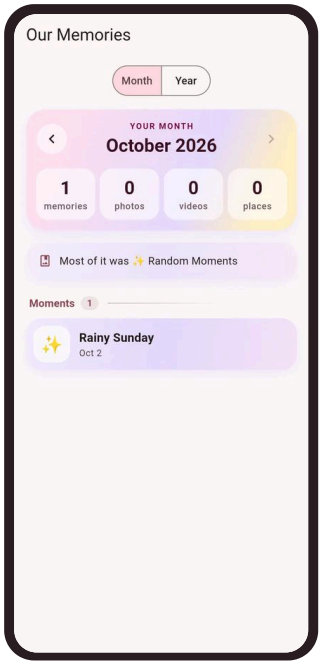

Memories
On this day, recap, albums and timeline

Memory
Date, place, album, favourite and share

New memory
Up to 20 photos and videos, album picker

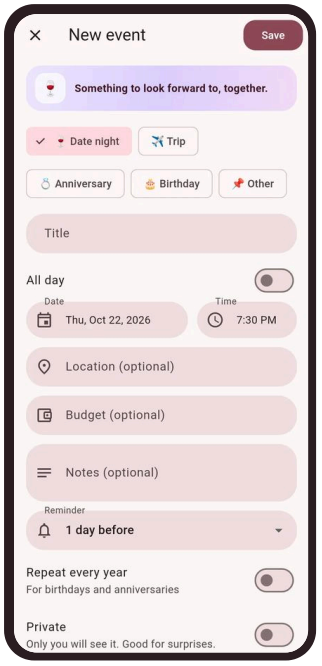

Recap
Month or year in numbers

Calendar and love notes 14 screens

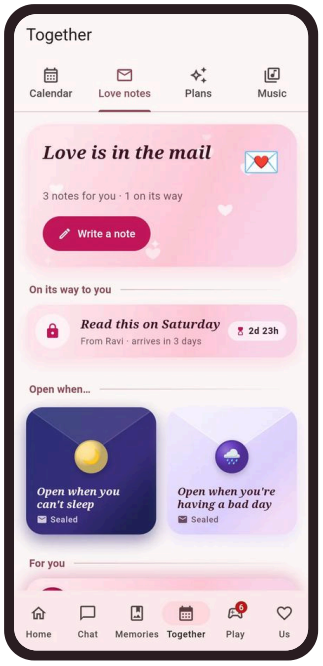

The Together tab's first two sections.

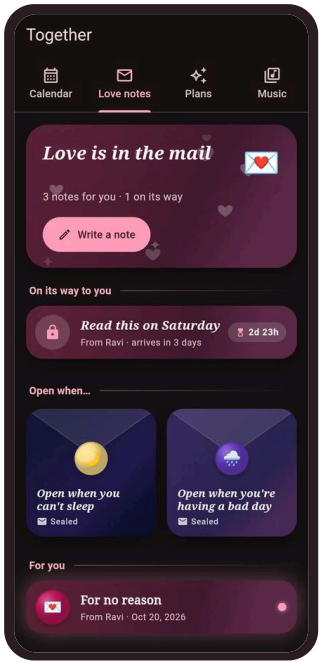

Calendar
Month view, the day's plans, upcoming

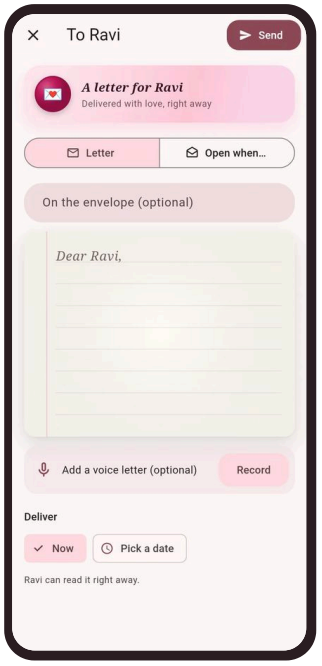

New event
Types, time, place, budget, reminder, private

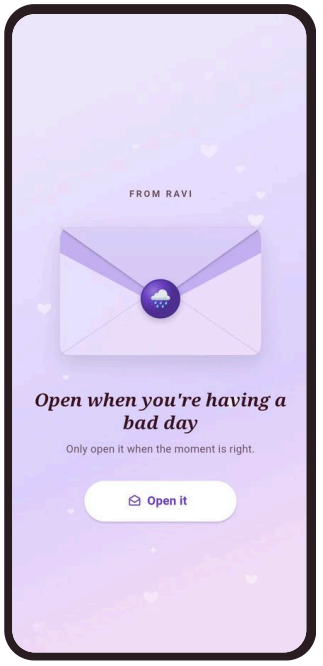

Love notes
On its way, open when..., received and sent

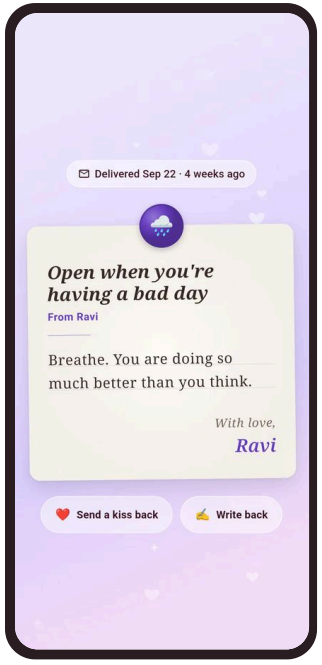

Love notes, dark
Same list at night

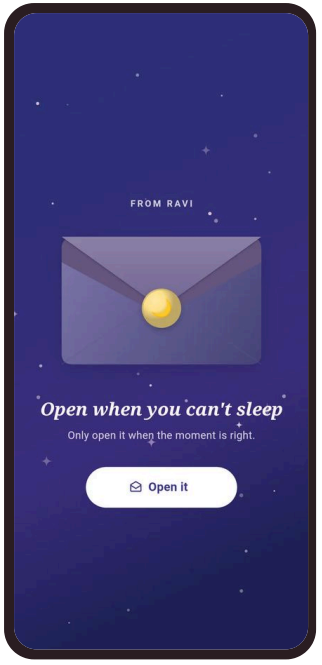

Write a note
Letter or "open when...", voice letter, delivery time

An "Open when..." envelope
Themed gradient, floating hearts, open it

Opened
Letter slides out: paper, wax seal, signature, kiss or write back

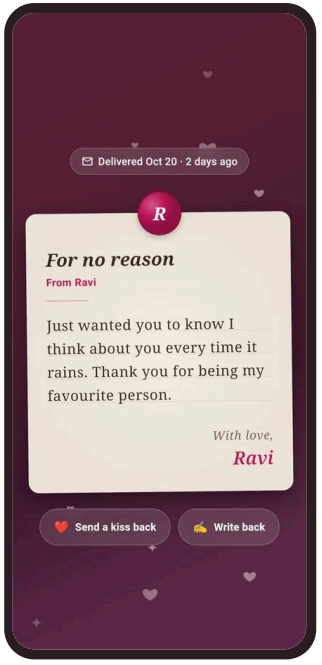

Can't-sleep envelope
Night theme with twinkling stars

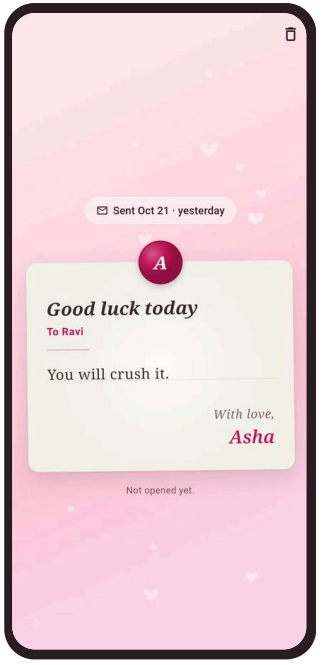

Read at night
Deep indigo, stars, moon seal

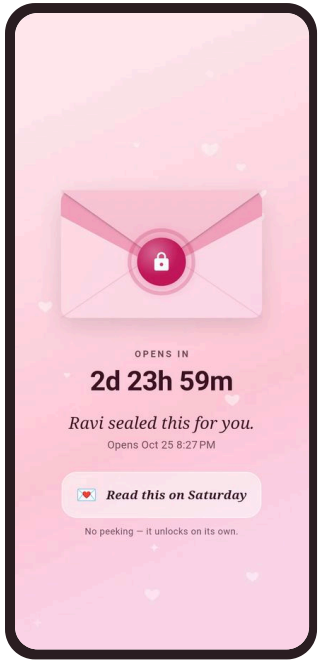

A letter
Blush theme, delivered date chip

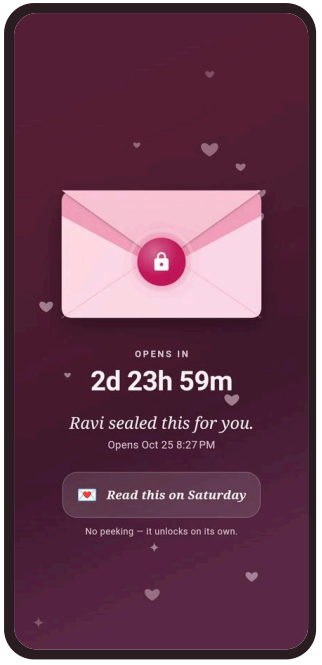

A letter, dark mode
Deeper gradient, same feel

A note you sent
Read-only, no reply buttons

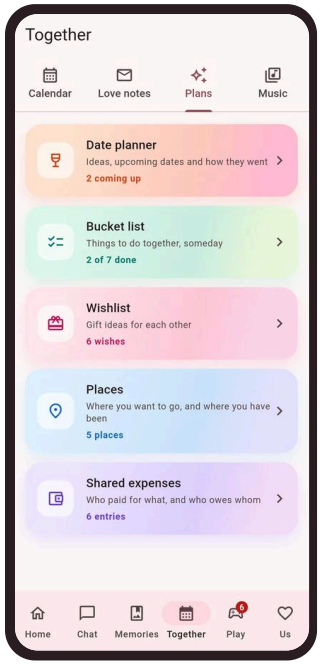

Sealed note
Pulsing lock, live countdown, unlocks on its own

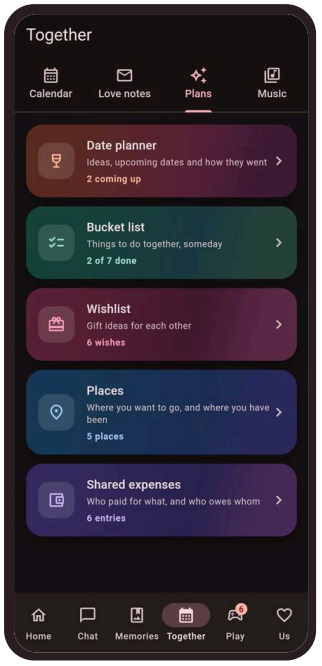

Sealed, dark mode

Plans 17 screens

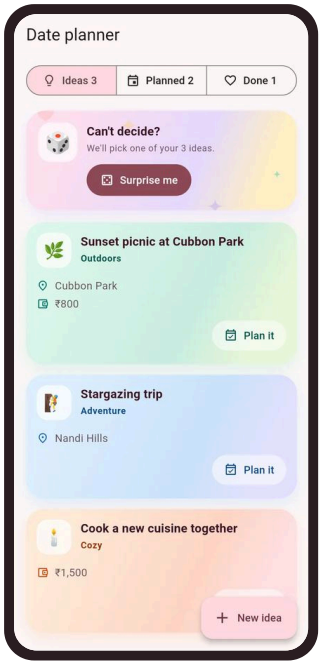

Date planner, bucket list, wishlist, places and shared expenses.

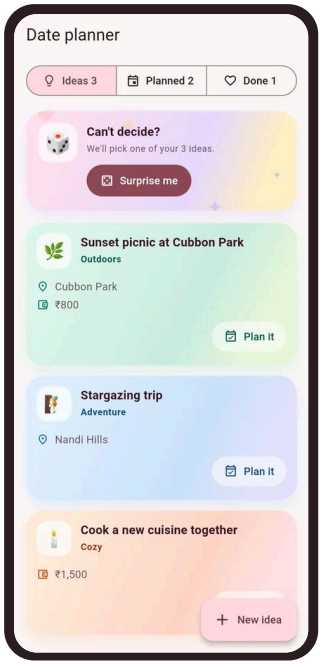

Plans
Live counts for each list

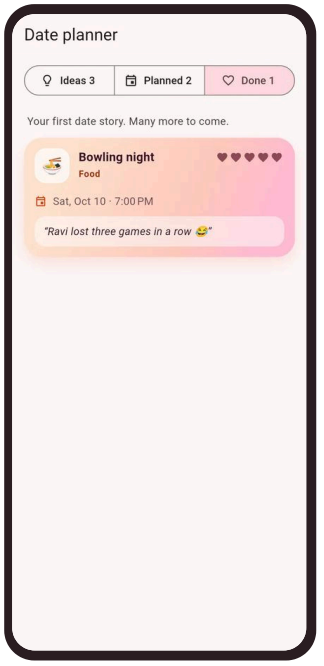

Plans, dark
Gradient tiles at night

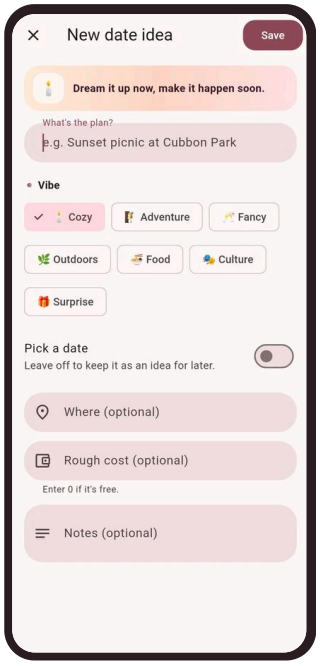

Date planner
Planned dates (opens on Ideas when none are planned)

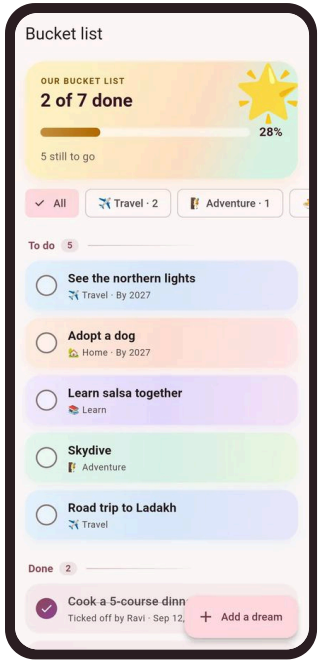

Date ideas
"Surprise me" picks one

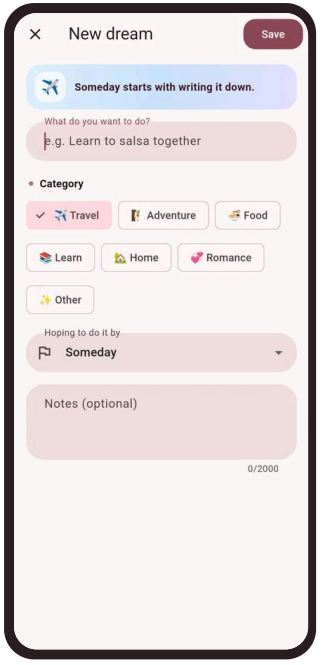

Done dates
Hearts and a note on how it went

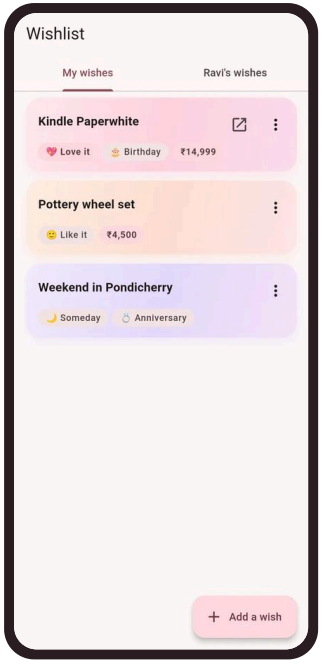

New date idea
Vibe, optional date, place and cost

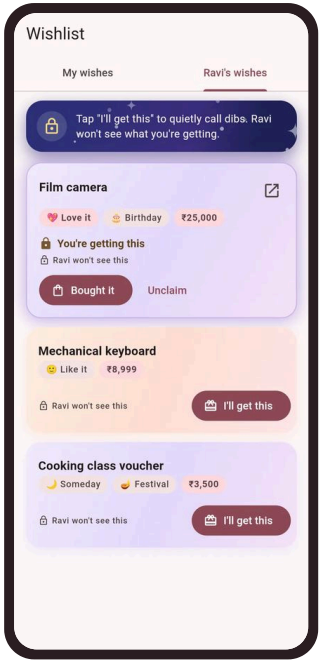

Bucket list
Progress, categories, who ticked it off

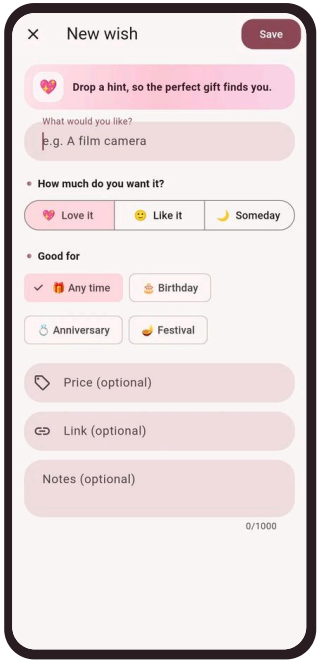

New bucket item

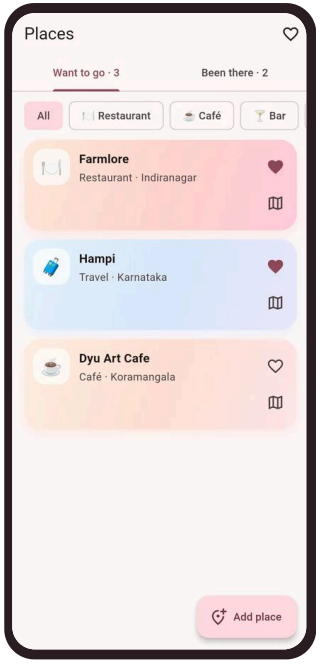

My wishes
Priority, occasion, price, link

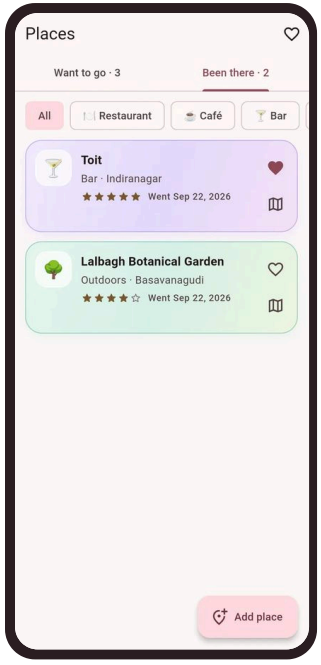

Ravi's wishes
Secret "I'll get this" claims

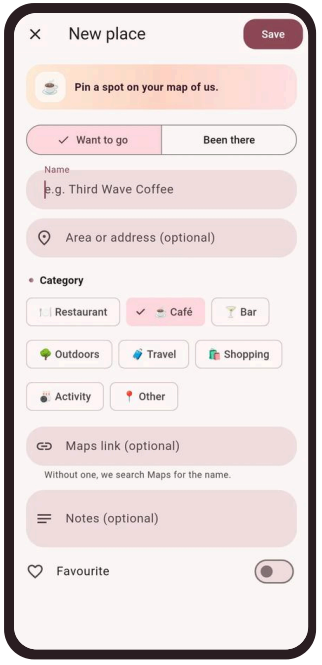

New wish

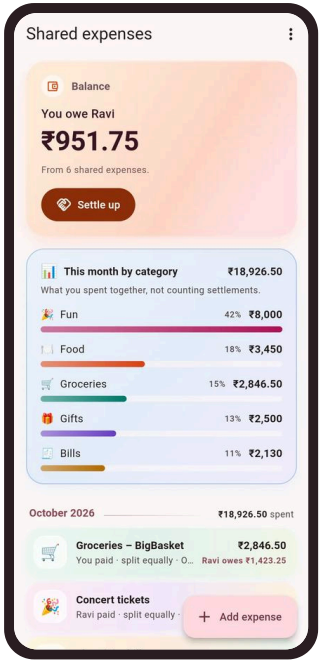

Places: want to go
Categories, favourites, maps

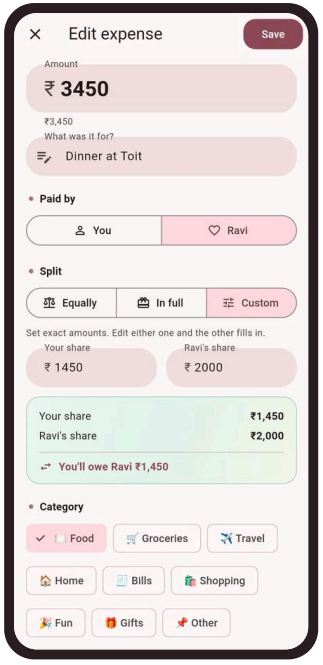

Places: been there
Ratings and visit dates

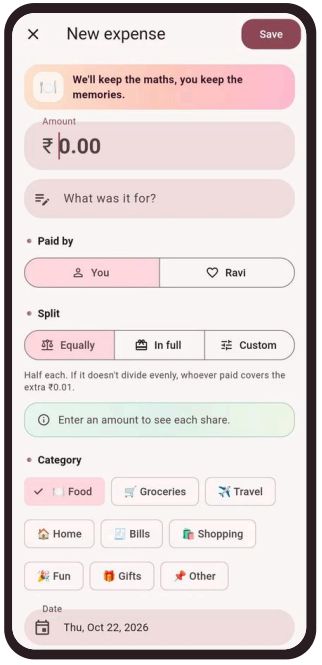

New place

Shared expenses
Balance in plain words, settle up, monthly breakdown

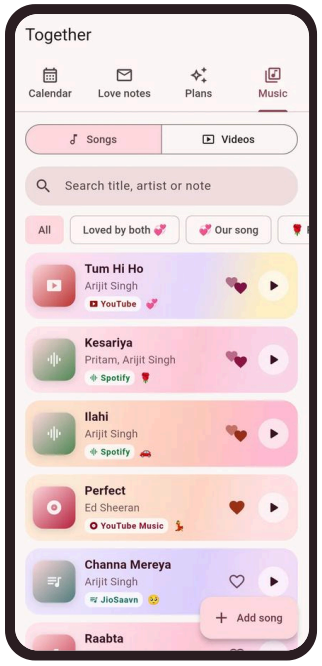

Edit expense
Custom split with a live preview

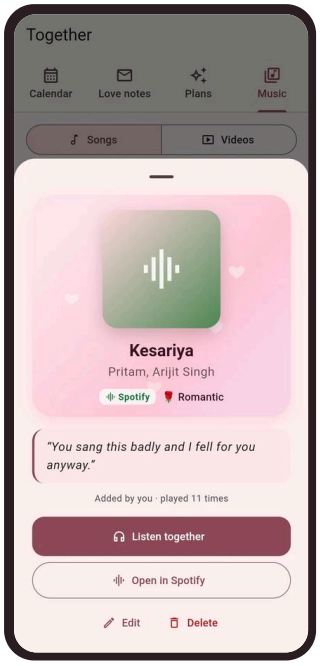

New expense
Equal split by default

Music & Watch together 10 screens

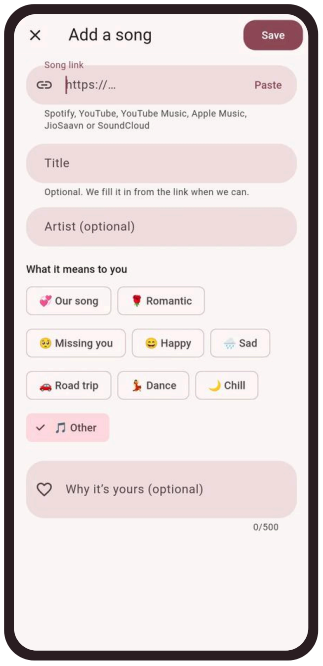

Your songs as Spotify, YouTube, Apple Music or JioSaavn links, YouTube videos to watch together, all in sync on both phones.

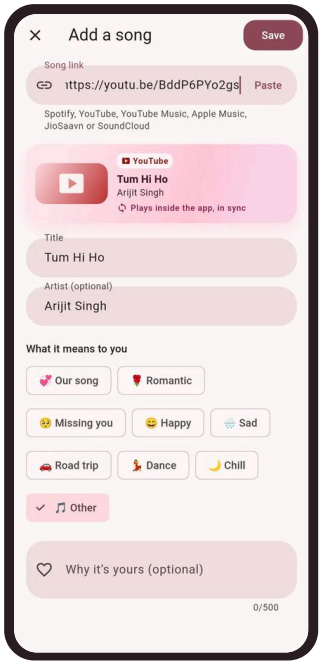

Your songs
Together → Music: filter by moment, hearts, search

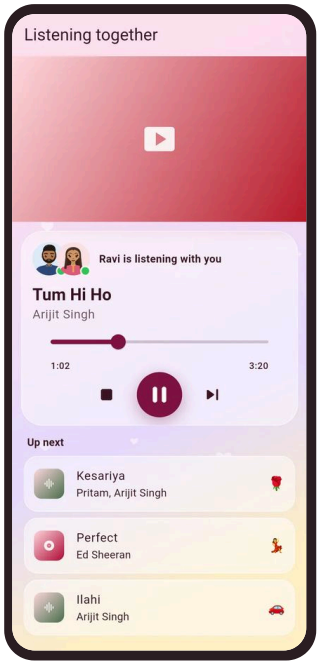

Song details
Why it's yours, listen together, open in its app

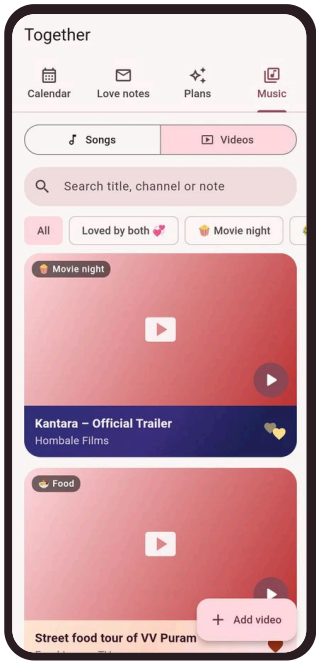

Add a song
Paste a link from any music app

Filled in for you
Title, artist and cover looked up from the link

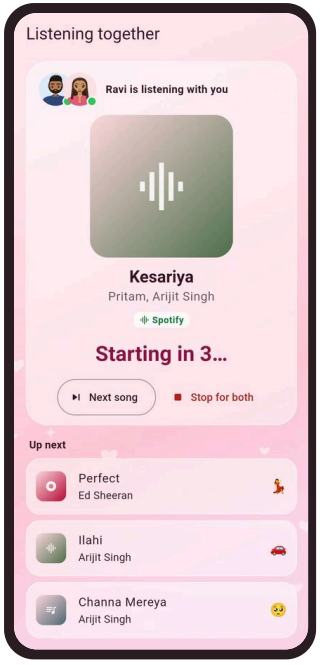

Listening together
YouTube plays in-app, in sync on both phones

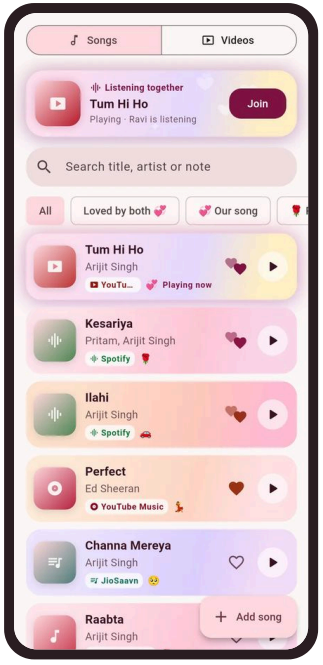

Videos
YouTube videos saved to watch together

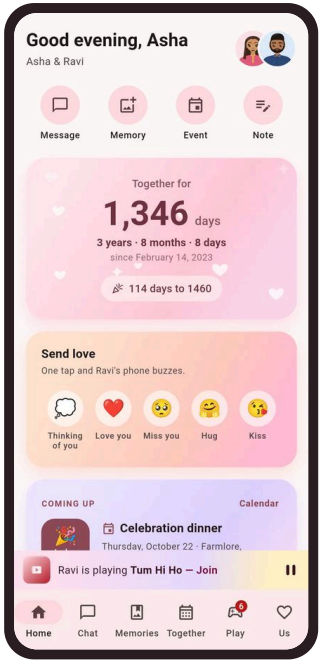

Watching together
Synced video, fullscreen button, Up next

Spotify countdown
Both phones open the song at the same moment

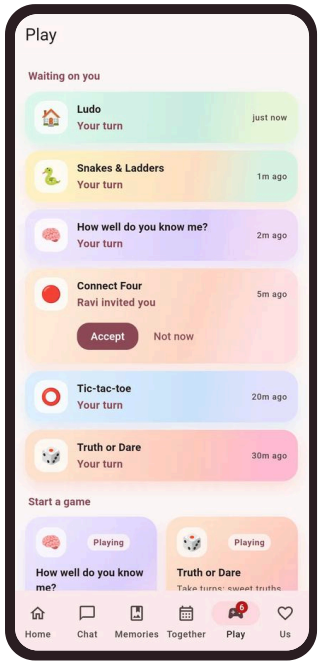

Now playing
Join from the library

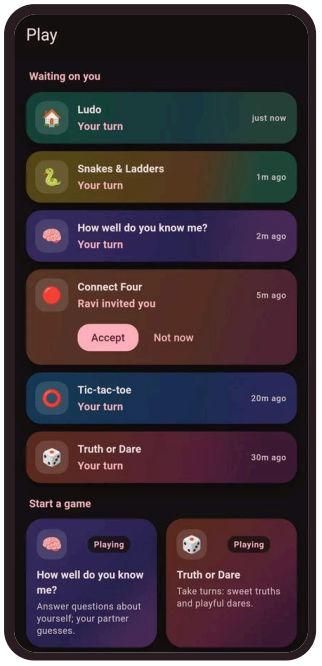

Banner everywhere
Your partner sees what's playing and can join

Play 10 screens

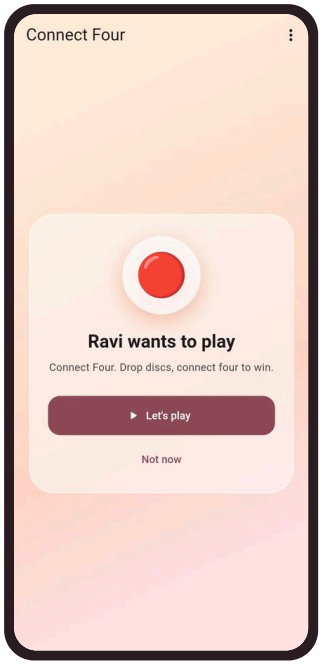

Live games for two, each on your own phone.

Play
Invites, whose turn, new games, head to head, recent results

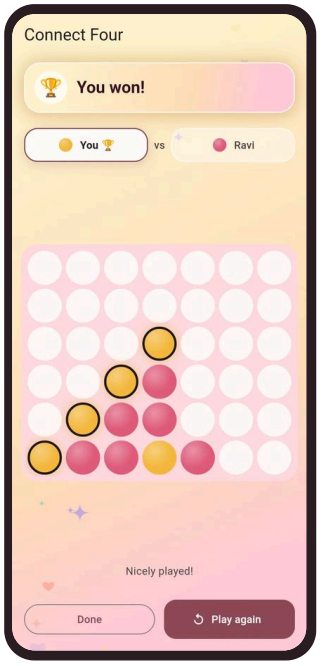

Play, dark
Gradient game cards at night

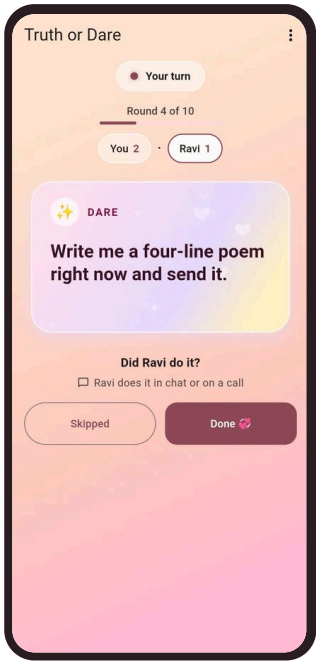

Game invite
Accept or say not now

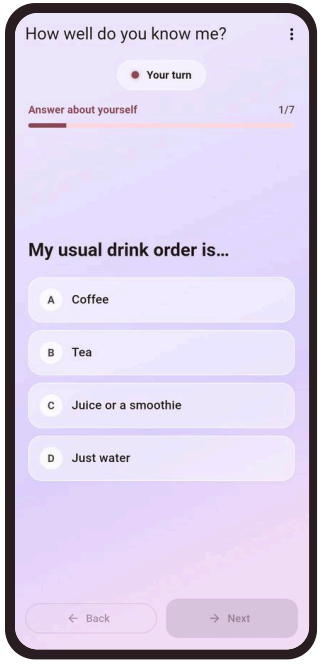

Tic-tac-toe
Your turn, with marks for each of you

Connect Four
The winning four glow; play again

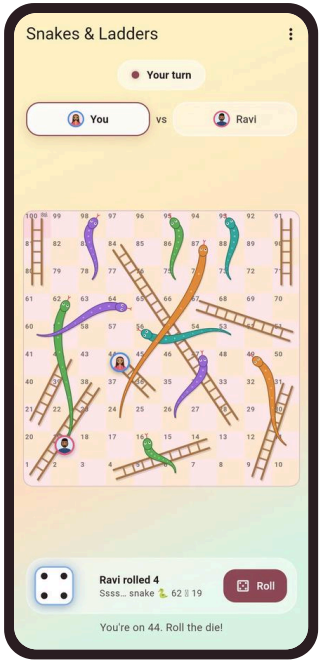

Truth or Dare
Judging whether Ravi did the dare

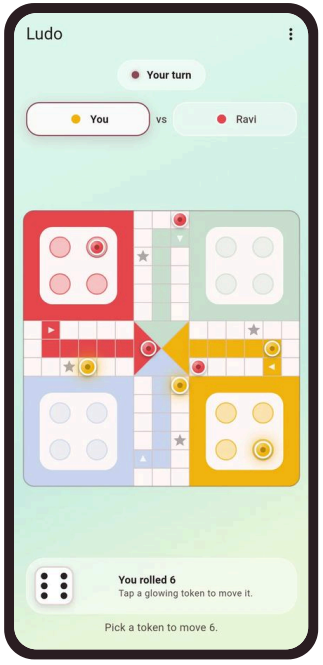

How well do you know me?
Answering 7 questions about yourself

Quiz results
Score, verdict, and every answer vs guess

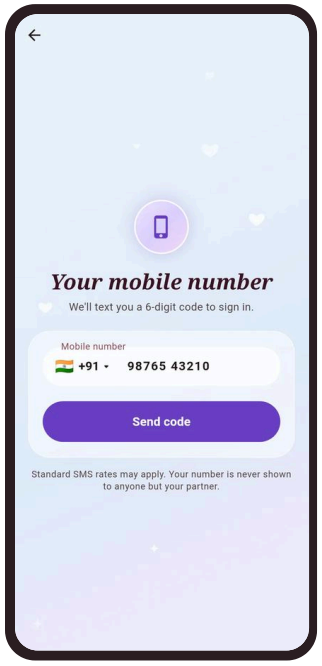

Snakes & Ladders
Classic board, avatars as tokens, exact roll to 100

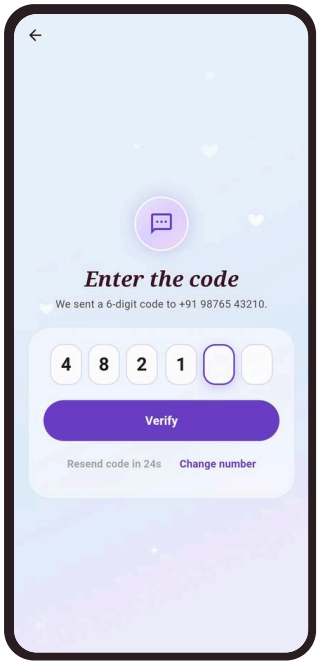

Ludo for two
Classic or Quick, captures, safe stars, tap a glowing token

Mobile number, pairing and ending 21 screens

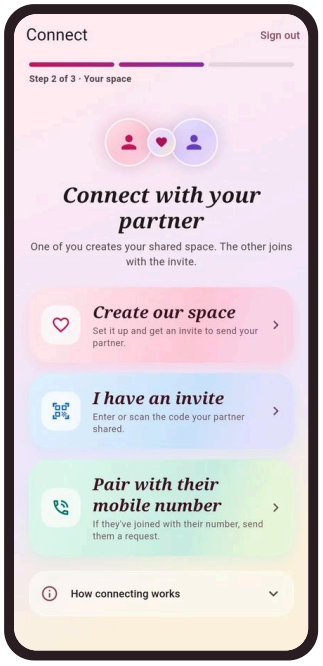

Sign in with a mobile number, pair by number, and end a pairing kindly: 7 days if both agree, 14 if not, or leave now if unsafe.
